Advanced Light Table  
Proposal No. 18-27686-09

Sheet 1 through 14 attached hereto provide manufacturing labor and material details which were used to develop the selling price for the production quantities. These supplemental sheets are based on a quantity of 100 and the data was then factored to provide cost elements for quantities of 25, 50, and 75.

Sheet 1 is a summary of sheets 2 through 14. The total shown at the bottom of Sheet 1 represents Departments 1, 2, and 4 Direct Labor in terms of set-up (S. U.) and run time (R. T.), as well as the raw material, purchased parts, and outside processing required for each unit.
